Independent Accountants Report

To the Board of Directors of the Buick Club of America:

We have performed the procedures detailed below, which were agreed to by the Buick Club of America, solely to assist you in receiving and tallying the voter results for the 2019 Buick Club of America Board of Directors Ballot.

The procedures and the associated results are as follows:

The members were sent voting ballots with specific guidelines, established by the Buick Club of America, and instructed to mail to our office by June 1, 2019. We received 1,237 mail-in ballots as of June 1, 2019, and recorded the results on a per ballot basis. Please note that any ballot received containing two names was considered to be two separate ballots within the results. In the review process, we ensured that each ballot received was completed properly within the guidelines set by the Buick Club of America and that each ballot received was an original ballot as sent to the voter. Any ballots that were not properly completed were discarded from the results. The ballots were entered and tallied in batches of 25 ballots to simplify the tracking and reviewing of voter results. We then performed a self-check of the recorded results for each batch entered on a sampling basis to confirm the accuracy and completeness of the votes.

The voting results are as follows:

Name	Club	Votes
